

Senzime receives the first million order from South Korea

Press release: Uppsala, March 29, 2019. Senzime AB (publ) today announces that their distributor in Korea, Unimedics, has placed its first order for TetraGraph and its associated consumables at an order value of 1 million SEK due to be delivered during this week.

Senzime signed a distribution agreement with Unimedics in March 2018 communicating expected launch during 2019. This order is the first out of a guaranteed sales target as market launch is approaching.

There are over 3000 hospitals in South Korea and annually 1.3 million operations are performed with anesthesia, of which muscle relaxants are used in more than half of them. TetraGraph is used for monitoring of this patient category. For each monitoring occasion, in addition to the instrument itself, TetraSens is used which is a disposable sensor also developed and sold by Senzime. This initial order includes 50 TetraGraph instruments. Senzime will train 70 sales representatives from Unimedics in June.

"We have an actual medical need in an area with up to 40% complication rates. During this year we have worked closely with our Korean distributor, and we are pleased that sales are about to start. We expect further orders from Korea before year end" says Pia Renaudin, CEO of Senzime AB.

About Senzime

Senzime develops unique patient-oriented monitoring systems that make it possible to assess patients' biochemical and physiological processes before, during and after surgery. The portfolio of technologies includes bedside systems that enable automated and continuous monitoring of life-critical substances such as glucose and lactate in both blood and tissues, as well as systems to monitor patients' neuromuscular function perioperatively and in the intensive care medicine setting. The solutions are designed to ensure maximum patient benefit, reduce complications associated with surgery and anesthesia, and decrease health care costs. Senzime operates in growing markets that in Europe and the United States are valued in excess of SEK 10 billion. The company's shares are listed on Nasdaq First North (ticker SEZI). FNCA Sweden AB, +46 (0)8-528 00 399, info@fnca.se, is Certified Adviser for Senzime. www.senzime.com
